

That man...

*He's not
even remotely
interested in
the items.*

*He's after
something
specific.*

*He's in this
auction for a
very particular
reason,
like I am...*

Yes, we
have a deal at
70 million Ahn.
Next up...

We've
already reached
our final item
of the day.

It's my
favorite one,
and one I
expect will
sell the
highest.

I am
overjoyed to
present this
piece to you.

Heretofore,
an infamous
Syndicate
known for its
brutal reign,

Was
wiped out
in a single
battle.

All of its
members,
including
the leader,

Were
annihilated
in that
incident.

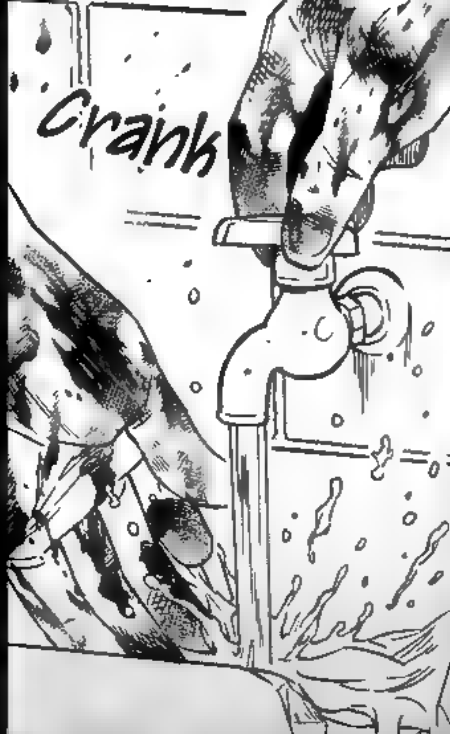

This is
a painting
that
immortalizes
the carnage.

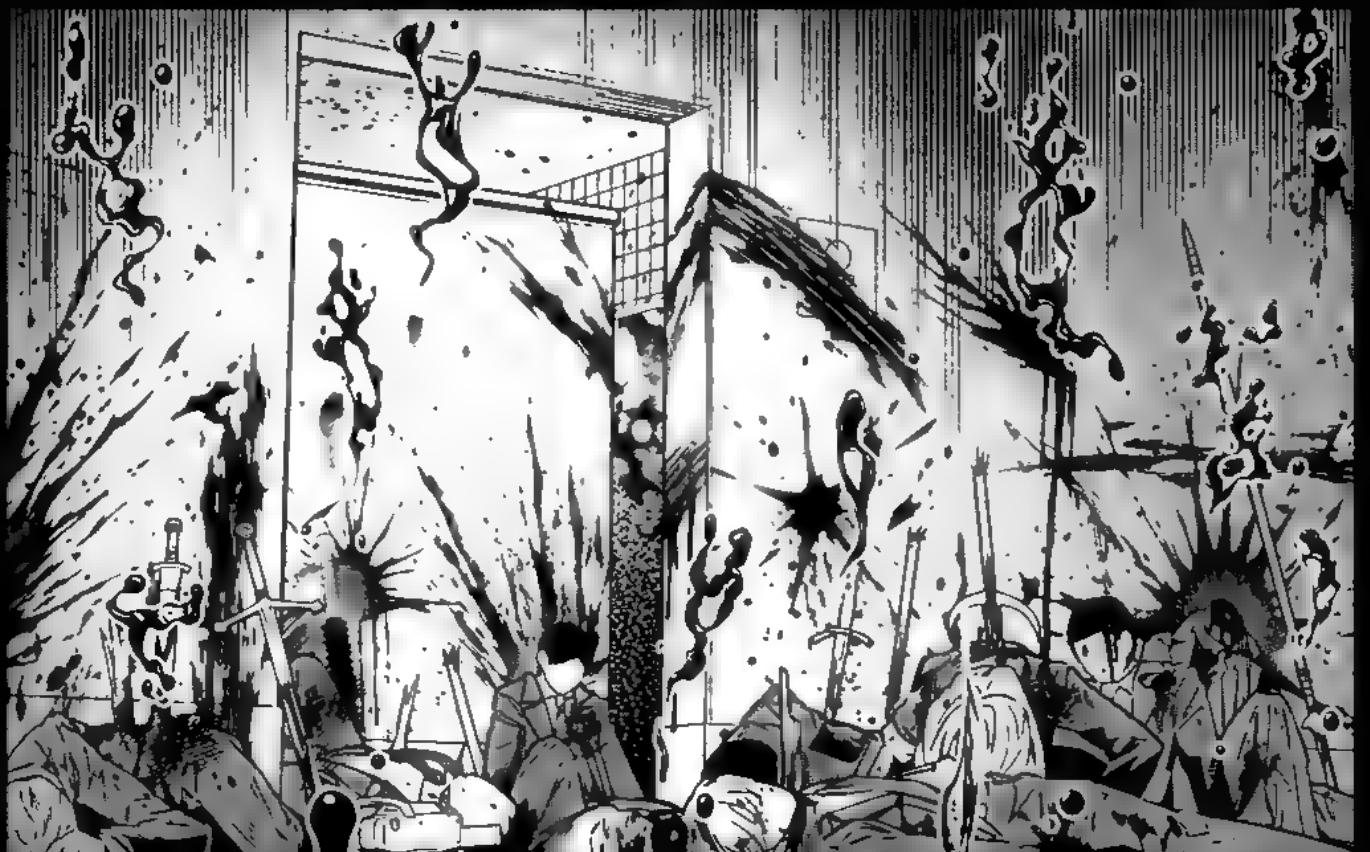

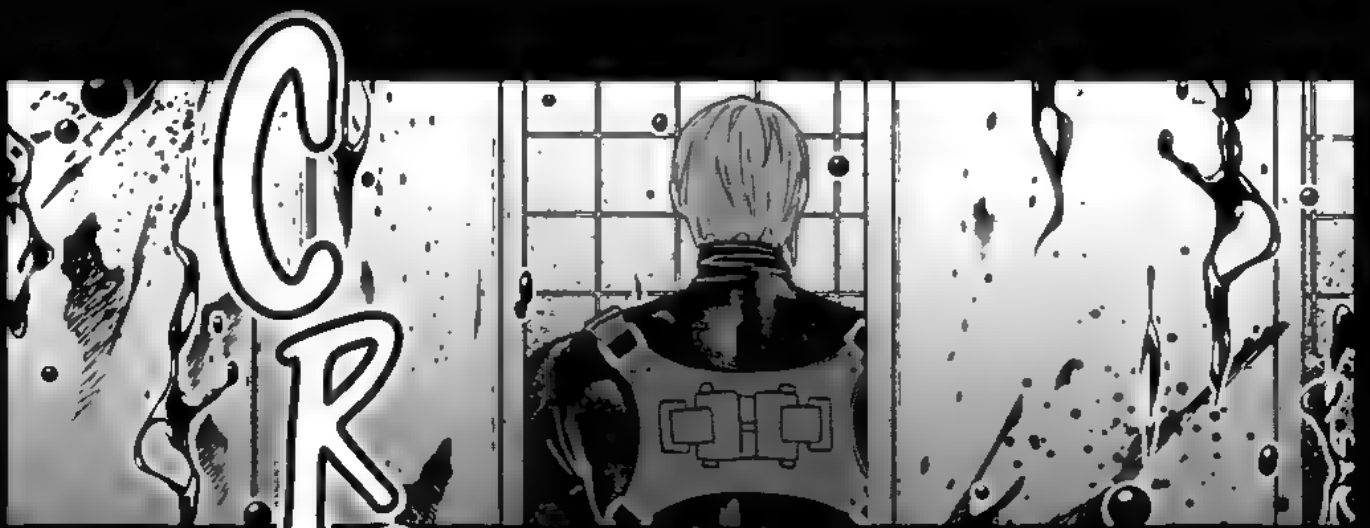

...Since this battle, their names and records have been expunged.

Who they were, what they did, whether they deserved that fate...

Everything about the Syndicate and its members forever remains a mystery.

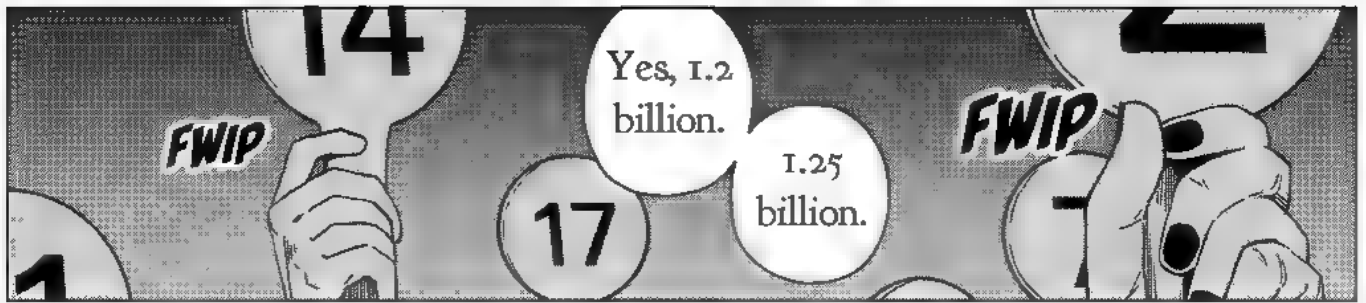

Painted from the consciousness of the sole survivor unto death after onslaught...

This is the final item of the day.

The opening bid is 1 billion Ahn.

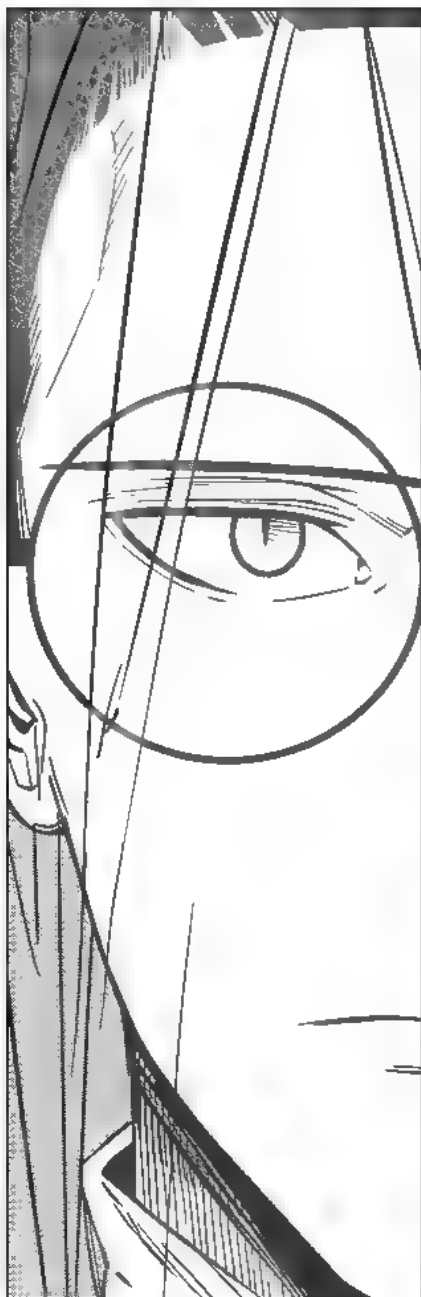

...Okay.

We have
Gubo from
N Corp,

Bidding
10 billion
Ahn.

Looks like
he wants to
win this bid
badly.

Do you
think he's here
for the same
thing as us?

...That
seems to
be it.

The corridor
of the Ring, access
granted to those
who win the
meister's most
cherished work.

He's
determined to
go there no
matter what.
